**NOTICE OF INTENT TO REMOVE FOR PROSECUTORIAL MISCONDUCT**

THIS IS A PRIVATE COMMUNICATION BETWEEN THE PARTIES  
NOTICE TO AGENT IS NOTICE TO PRINCIPAL ••• NOTICE TO PRINCIPAL IS NOTICE TO AGENT  
APPLICABLE TO ALL SUCCESSORS AND ASSIGNS

Now comes the living and breathing soul, nathan-john:huiras as a naturally born national of America located on the land territory of Wisconsin. The corporate fiction created on my date of birth on or near the 7th day of November in the year 1983 while I was an incompetent minor without full disclosure and against my will as "NATHAN J HUIRAS" is not me. Any association of this capital letters named corporation to me is improper joinder.

I am a living and breathing soul that does not spell my name in all capital letters. Therefore, I shall not be joined to this capital letters entity that is subject to a county court branch of monarchy.

I, nathan-john: family of huiras, have a right to a republican form of government under **Article IV Section 4 of the American Constitution** that is the will of the people under the common law in a court of record where a superior court of record will be created if this message is ignored.

The audio provided by the Racine District Attorney via [evidence.com](https://evidence.com) has been willfully altered in violation of **18 U.S. Code § 1519** in his willful attempt to conceal evidence from the accused. If/when this case gets removed to Federal court the prosecuting attorney would be put into contempt of court under the Federal Rules to Criminal Procedure for concealing the evidence. What makes your office think that public officials of Racine County are above the law? Are the public officials in your office who are bound by surety to the American Constitution going to correct the discovery errors made by the District Attorney and will you provide the full audio evidence?

Please see the recent order given by the Honorable Stephen L Crocker in Western District of Wisconsin Case **United States of America vs Adam Westbrook**.

*"Pursuant to Rule 5(f) of the Federal Rules of Criminal Procedure, the court, with both the prosecutor and defense counsel present, confirms the government's obligation to disclose favorable evidence to the accused under Brady v. Maryland, 373 U.S. 83 (1963), and its progeny, and orders it to do so. Favorable evidence under Brady need have only some weight and includes both exculpatory and impeaching evidence. Failure to produce such evidence in a timely manner may result in sanctions, including, but not limited to, adverse jury instructions, dismissal of charges, and contempt proceedings"*

Surely your office is well aware that your primary witness, Preston Kite, and co-defendant of Attorney Adam Westbrook is under the care of the Kenosha County Jail (**Wisconsin Felony Case 2024CF000247**) where the police officer's character will be impeached upon any attempt at testimony. So my next question is why are you still prosecuting this case? It is your duty to dismiss the action when reasonable doubt is present that any crime was committed nor is there any injured party.

This private communication between the parties is a courtesy notice where failure to correct and cure these felonious actions made by the District Attorney within 14 days will result in counter claims to Federal Court. My process server, Robert Crotty, has been copied into this communication as a witness where he will be personally serving Notice of Removal to Federal Court if the District Attorney does not clean up his prosecutorial misconduct. Failure to cure will result in motions for Prosecutorial Misconduct and these actions will be heard.

IF YOU CHOOSE TO IGNORE THESE WARNINGS, it will show bad faith on your part and prima facie evidence of your deliberate indifference to Constitutionally mandated rights. A copy of this instrument will be prima facie evidence of your bad faith in my fully prepared notice of removal to Federal Court with good cause.

Remember, You are "Doing Business As" a Public Servant and, as such, you are expected to treat Me with due respect as I respectfully thank you for reading this NOTICE OF INTENT which is constitutionally protected activity.

In **Hale v. Henkel**, the united States supreme Court spoke on the "Law of the Land". The opinion of the court stated:

*"The individual may stand upon his constitutional rights as a Citizen. He is entitled to carry on his private business in his own way. His power to contract is unlimited. He owes no duty to the State or to his neighbors, to divulge his business, or to open his doors to an investigation, so far as it may tend to incriminate him. He owes no duty to the State since he receives nothing therefrom beyond the protection of his life and property."*

*"His rights are such as existed by the Law of the Land (Common Law) long antecedent to the organization of the State and can only be taken from him by due process of law and in accordance with the Constitution."*

Have a great day!
