Good Morning:

We searched for and did not discover any records, documentation of notification, communications and notices sent out by the State Attorney's Office to anyone concerning the vault flood, including defendants, defense attorneys, and public defenders. We previously provided you with all records in the State Attorney's possession regarding the KPD vault flood.

The Public Records Department does not answer questions such as the question or questions raised in the second paragraph of your email. You may contact the State Attorney's Public Information Officer at pio@sao9.org to ask questions. The Public Records Department provides records that are in the State Attorney's possession and that are public records under the law.
